

Yale®

High Security Fingerprint Safe Range

You Value it,
We Protect it.

At Yale, we pride ourselves in protecting the things that matter the most to you. The high security fingerprint safe provides you with security and the convenience of easy opening using your fingerprint and the ability to store up to 100 fingerprints.

Gain access not only through a fingerprint sensor but also a PIN or mechanical key so that you can enjoy the convenience of three different opening credentials.

Combine fast access and enhanced security with a laser cut door for protection against attacks plus lock down for one minute after 3 incorrect attempts to scare away any unwanted visitors.

Whether that's your camera to capture those special moments or a sentimental belonging, we have the right safe to suit you.

Secure and quick access

Enjoy the convenience of easy opening thanks to the built-in fingerprint sensor and keep your belongings safe. Store up to 100 fingerprints.

Modern design to suit your home

Plus modern functions such as fingerprint access, automatic door opening and LCD keypad display for quick access. You can also keep your things organised with internal hooks and an internal light to clearly display your belongings.

Enhanced security for total peace of mind

The safes come with motorised locking mechanism with two anti-saw locking bolts (20mm) and laser-cut door for protection against all attacks.

Flexibility

You can now choose how to protect your belongings either by fingerprint, pin code or mechanical key to open the safe.
