

HSM SECURIO Document Shredders

Product Overview

HSM SECURIO AF-series document shredders

Innovative, convenient and time-saving. The shredders of the autofeed-series with Nanogrip Technology combine functionality and operating convenience. For reliable and easy destruction of document stacks and single sheets in the workplace.

Special product features:

- Useful dual function: manual feed of paper during autofeed stack processing.
- Light barrier for automatic start/stop.
- Powerful motor allows for continuous operation.
- Multifunction element for intuitive operation.
- Mobile on castors.
- Removable waste container for effortless emptying, HSM SECURIO AF150 and AF300.
- Convenient removal and emptying of the reusable collecting bag, HSM SECURIO AF500.
- Automatic return eliminates paper jams.

HSM SECURIO P-series document shredders – NEW!

Visionary technology for the office of tomorrow. In particular, the unique IntelligentDrive feature incorporates new control panel and motor technology that gives up to 40 % increased performance, intelligent jam correction and lower operating noise levels. Highly suitable for the destruction of documents for large working groups of up to 15 people.

Special product features:

- Intelligent paper jam correction. The machine recognises very quickly if too much paper has been fed in and reacts autonomously.
- The stand-by and automatic switch-off features ensure a high degree of energy saving.
- Powerful motor allows for continuous operation.
- The device automatically switches off if pressure is applied to the safety element.
- Practical automatic start/stop.
- Mobile on castors.
- Convenient removal and emptying of the reusable collecting bag.

Intuitive operation and multi-language menu selection via the 4.3" touch display.

With an integrated automatic oiler for particle cut models, for a consistently high cutting performance.

The innovative drive and operating concept IntelligentDrive offers the following operating modes:

- Silent** for particularly quiet operation.
- Standard** with an optimum throughput rate and low noise level.
- Performance** for maximum cutting and throughput performance.

HSM SECURIO document shredders

With the HSM SECURIO document shredders you can expect the highest level of quality here. Regardless of whether you have chosen the AF-series with automatic paper feed, the C-series for the small office, the B-series for the workplace or the P-series with IntelligentDrive for professional use: you are on the safe side with shredders from HSM!

Actual zero power consumption in stand-by mode, for the models HSM SECURIO C14 and C16.

Lifetime warranty on steel cutting rollers in HSM SECURIO document shredders at security levels P-2 to P-5.

HSM SECURIO document shredders, with the exception of HSM SECURIO P36i, P40i and P44i, have been awarded the Blue Angel certificate.

0,1 Watt power consumption in stand-by mode for the document shredders HSM SECURIO C18 to B35 and AF.

3 years warranty for the HSM SECURIO document shredders.

HSM produces all document shredders of the HSM SECURIO range in Germany.

HSM SECURIO C-series document shredders

Small, attractive and energy-saving. The C-series shredders are appealing due to their compact design and easy operation.

Special product features:

- Quiet operation minimises noise development in the workplace.
- Practical automatic start/stop.
- Level indicator through inspection window except for HSM SECURIO C14.
- High degree of user safety.

Easy and convenient emptying.

HSM SECURIO B-series document shredders

Energy-saving, reliable and versatile. The document shredders in the B-series are characterized by a high performance and maximum functionality. This range of shredders is designed for the use of up to 8 people.

Special product features:

- Light barrier for automatic start/stop.
- Powerful motor allows for continuous operation.
- Convenient removal and emptying of the removable reusable collecting bag.
- High quality wooden floor cabinet with door.
- Safety element prevents unintentional entry.
- Mobile on castors (except B22).

Powerful motor allows for continuous operation.
